More details

A histogram showing the distribution of values for PopTotal\_15\_19. The x-axis represents the value range from 0 to 60,000, with major ticks at 0, 20,000, 40,000, and 60,000. The y-axis represents frequency. The distribution is highly right-skewed, with a very high frequency of values near zero (the first bar is the tallest) and a long tail of much lower frequencies extending across the rest of the range.
